To Whom It May Concern:

The purpose of this Letter of Recommendation is to provide information on the successful partnership and implementation of the Pledge Against Bullying (PAB) program at Leesburg High School. The PAB program allows students to make a commitment to an anti-bullying lifestyle. As a result of our successful implementation, LHS has seen an increase in attendance, an increase in bullying reporting, and an increase in academic success, all while seeing a decrease in fighting on campus. The program has also provided an opportunity for our school to develop student leaders through campus clubs and organizations, such as LHS' Interact Club, Skills USA Club, National Honor Society, and our Gay-Straight Alliance.

The opportunity that our students now have to send their Pledge Against Bullying commitments to the moon is a unique chance for our students, and we are ecstatic that they are taking advantage of this experience. It is rare for students to have the opportunity to say that part of their high school legacy is having one of their commitments sent to the moon; however, the students of Leesburg High School now have that opportunity thanks to the Pledge Against Bullying Program.

In conclusion, as the principal of Leesburg High School, I pledge my full support for the Pledge Against Bullying program. The company behind the Pledge Against Bullying program is an excellent partner in education, and are very supportive and easy to work with throughout the implementation. Through our successful implementation, we have been able to improve our school climate and culture amongst our students.

Sincerely,

A handwritten signature in black ink, appearing to read "M. Randolph".
